

How can Parents get involved?

- **Ask** your child's teacher when the next artist is visiting the classroom
- **Chaperone** a field trip to a local museum or performance experience
- **Discuss** with your child how their creativity can further their academic success on schoolwork and homework
- **Try** doing the activity your child learned in class at home to form new connections
- **Follow us** on social media for current school and family events happening near you
